Teams registered for Estoril Portugal XPD 2008

Information bulletin #1 - 26.03.2008

For immediate release

Congratulations to everyone and welcome to the Adventure????

Your response to our invitation exceeded all our expectations. We were amazed and stunned, and this response has made us even more determined to ensure that Estoril Portugal XPD 2008 will be an incomparable and unforgettable event for all of you.

For these reasons, and from the whole team of the organisation, we would like to welcome you to the ADVENTURE!!!!

This first information note is to clarify the rules about the lottery of the registration for the World Championship Finals – ARWC Portugal 2009 and to publish the list of teams that have qualified for this prize draw.

The rules for the lottery have been published on the website, and are as follows:

“All teams that register in the first week and that finish the race, but that are not in the top three places, will be included in a lottery to win an entry to the ARWC 2009. The draw will be made during the Estoril XPD 08 prize giving ceremony.”

Thus, in order to ensure this lottery complies with these rules, and in relation to the setting up of teams and the use of team names, only those teams and/or captains will be considered:

- Whose names are included on the list below;
- Who comply with the defined regulations for registration in the race;
- Who participate in and complete the race in any position, except the top three;
- Who are present at the Estoril Portugal XPD Race 2008 prize giving ceremony.
